

# FERDINANDO D'ALESSANDRO

## POSTGRADUATE IN COMPUTER SCIENCE

### PERSONAL INFORMATION

**Gender:** Male  
**Nationality:** Italian  
**Birth date:** 03/05/2002  
**Telephone numbers:** 0039-081-5605099  
0039-320-9412532  
**Email account:** f.dalessandro.02@gmail.com  
**Postal address:** Via Francesco Cilea 128,  
80127, Naples, Italy

### SKILLS

Experience **working in a team**  
Adaptability to **new languages, tools and platforms**  
Experience with **C, C++, Java, Python, Lua, SQL/PLSQL, Unreal Engine, Unreal Blueprints, OpenGL**

### LANGUAGES

**Italian:** native speaker  
**English:** fluent  
**French:** basic

### PRIZES AND HONOURS

Finished on the **podium** of the **Latin translation competition** "Certamen Lucretianum" in the years **2016, 2018 and 2019**.

Was awarded in **2019** the free participation in the **"Summer School" program** offered by the **Bournville College** (Birmingham, England), consisting of three weeks of **intensive English language course** at the college and a **FCE Cambridge exam**.

### EDUCATION

#### Master of Science in Computer Science (Computer Games branch)

University of Naples Federico II,  
Naples, Italy  
**2023 – Sep. 2026 (prev.)**

Cumulative GPA of **30.00/30.00**  
**Academic excellence scholarships:**  
Federico II: tax refund (2023)

#### Bachelor of Science in Computer Science

University of Naples Federico II,  
Naples, Italy  
**2020 – 2023**

Graduated with **highest honours** (summa cum laude)  
Thesis: "*Applications of multi-armed bandits in RL*", supervisor: Prof. Marco Faella  
Cumulative GPA of **29.24/30.00**  
**Academic excellence scholarships:**  
Federico II: 50% tax discount (2021 and 2023), tax refund (2022)  
ENPAM foundation: monetary prize (2022)

### WORK EXPERIENCE

#### Tutor (Teaching Assistant)

**Oct. 2024 - June 2025**

#### Department of Electrical Engineering and Information Technologies (DIETI), University of Naples Federico II:

Tutor for the Programming I and Object-Oriented Programming courses,  
covering the fundamentals of programming in C and Java.

#### Traineeship at the department of engineering DIETI at University of Naples Federico II:

**June 2024 - Nov. 2025**

Research assistant in using variance based algorithms like VBR  
(<http://wpage.unina.it/m.faella/Download/ecai20-vbr.pdf>) in  
Reinforcement Learning.

### PUBLICATIONS

Silvio Barra, Ferdinando D'Alessandro, Oleksandr Sosovskyy

**Exploring Architectural Choices and Emerging Challenges in  
Data Management for IoT: A Focus on Digital Innovation and  
Smart Cities**

**June 2024**

### PROJECTS

#### GAMES

- **Get Lost**, a **mobile game** fully **solo developed in Java**, based on *procedural generation* and *accelerometer input*, published on Itch.io
- **At Her Expense**, a **PC adventure game** developed in a team of two using **Unreal Engine 5**, based on *dialogues*, *task completion* and *consequences to player actions*

#### OTHER PROJECTS

- **Client-server management software for restaurants**, composed of an **Android mobile application** developed using **Java** and a **cloud EC2 containerized server** developed using **Java**, a **MySQL database** and **Spring Boot** communicating with **HTTP**
- **Client-server software** created to simulate a **robot capable of taking drink orders and communicating**, composed of an **Android mobile application** developed using **Java** and a **multithreaded server** developed using **C** communicating with **TCP sockets**
- **C++ framework of data structures**: vectors, lists, stacks, queues, binary trees, BST, hash tables
- Implementation using **C**, **OpenMP** and **OpenMPI** of **parallel matrix operations**
- Collection of Computer Graphics exercises, using **C**, **gl**, **glu** and **glut**
- **Movie case-based recommending system**, developed using **Python** and **SPARQL**.

You can find more details about my projects in my [portfolio](#) and on my [Github](#).
